Memories that will last a lifetime

The first swimming pool in Turner Valley opened in 1936; hand dug by volunteers and located close to the Sheep River. Volunteers organized once again in 1963 to contribute labour, materials and funds to construct the current pool; named in honour of long-serving community members and physicians, Dr. David and Dr. Harry Lander. Through the years, the pool has undergone many changes and upgrades, but the Dr. Lander Memorial Swimming Pool continues to provide countless hours of family fun and memories that will last a lifetime!
